2021.0211	Bsc	Disgust in medical and biomedical sciences students Disgust study	05/10/2021
2021.0232	MDRes	An Evaluation of the variation in practice of the Management of Penetrating Aortic Ulcers and Type-B Intramural haematoma in the United Kingdom Management of 'non dissecting' acute aortic syndromes in the United Kingdom	13/10/2021
2021.0244	Medicine MBBS5	Motivations for attendance and engagement in a neuroanatomy course for undergraduates	26/10/2021
2021.0243	BSc Radiography	Is animation an effective additional information giving tool in the treatment of paediatric patients?	01/11/2021

2021.0236	PhD	Assessing the readiness of primary care organisations and practitioners in SW London to manage patients with polypharmacy Polypharmacy management survey	02/11/2021
2021.0246	Medicine	The conceptualisations of Mental Disorder among healthcare students Disease study	11/11/2021
2021.0201	MBBS5	An evaluation of students independent online learning and the utilisation of future technology resources An evaluation of students independent online learning	30/11/2021
2021.0269	Staff	Discrimination, harassment and bullying: medical student experiences while on clinical placement Medical student survey of discrimination while on clinical placement	30/11/2021
2021.0280	MSc Physiotherapy	How prepared are physiotherapy students to work with dementia patients? A study of knowledge and attitudes Physiotherapy student's knowledge and attitudes of dementia	01/12/2021
2021.0281	BSc	To determine the level of awareness of the health impacts of climate change in SGUL students	07/12/2021
2021.0258	Staff	The analysis of platelet function and thrombus formation under flow Platelet and clot formation	08/12/2021
2021.0293	Staff	Humanising narratives and the inclusive curriculum: authentic stories in case and problem-based learning Humanising narratives in problem-based learning	08/12/2021
2021.0230	Staff	Solastalgia - The impacts of Environmental Change on Mental Health Land Body Ecologies	13/12/2021
2021.0284	BSc Physiotherapy	Exploring what areas of quality of life are affected by long-term symptoms of Covid-19 in the working population in the UK What areas of quality of life have been affected by long-term symptoms of COVID-19	16/12/2021
2021.0301	BSc Diagnostic Radiography	Exploring the effects of commuting on student placement experience	20/12/2021
2021.0264	Staff	Understanding knowledge, beliefs, values and barriers towards cervical cancer screening, self-sampling and HPV vaccination amongst migrant Muslims and stakeholders in South West London: An in-depth qualitative interview study	20/12/2021

		Acceptability of cervical cancer screening, self-sampling and HPV vaccination, among the migrant Muslim population and a local stakeholders	
2021.0297	MSc Physiotherapy	The impact of COVID-19 on the attitudes and behaviours of student rowing athletes	22/12/2021
2021.0298	BSc Physiotherapy	Explore physiotherapy students' perceptions of the stereotypical physiotherapist Physiotherapy students' perceptions	06/01/2022
2022.0005	MBBS	The influence of a 1-day conference on medical student interest in a career in Ophthalmology Medical Student Interest in Ophthalmology after 1-day Conference	12/01/2022
2022.0009	BSc Diagnostic Radiography	An investigation into the level of knowledge other allied healthcare students have on the role of the radiographer	12/01/2022
2022.0010	Biomedical Science BSc	Exploring the meaning of disability in a medical and how language surrounding its discussions impacts interpretations of what it means to be disabled Exploring the meaning of disability	12/01/2022
2022.0001	MRes	Long-term use of sodium-glucose co-transporter-2 inhibitors in type 2 diabetes and real-world kidney outcomes The LONGKid Study	13/01/2022
2022.0002	MRes	Sodium-glucose co-transporter-2 inhibitors in chronic kidney disease: generalisability of kidney outcome trials from a national primary care perspective SGLT2i in CKD: generalisability of kidney outcome trials	13/01/2022
2022.0003	MRes	Sodium-glucose co-transporter-2 inhibitors in chronic kidney disease: the applicability of national guidelines and prescribing trends in primary care SGLT2i in CKD: applicability of national guidelines and prescribing trends	13/01/2022
2021.0321	BSc Occupational Therapy	Exploring the experiences of Instagram use on occupational engagement in females aged 18-35	13/01/2022
2020.0317	Staff	A placebo controlled clinical trial investigating the safety and immunogenicity of GBS6 in pregnant women with and without human immunodeficiency virus (HIV) infection and their infants	17/01/2022
2022.0018	BSc Biomedical Science	How much does a university student population know about the function of folic acid and what sources of information have they used to learn about the function of folic acid?	19/01/2022

		What are the characteristics of university students who know, and don't know, about the benefits of folic acid?	
2022.0017	MSc Physiotherapy	Exploring the effect of online learning on motivation and engagement in physiotherapy students via focus groups How has online learning impacted on motivation and engagement levels of physiotherapy students?	24/01/2022
2022.0023	BSc Diagnostic Radiography	An investigation of Diagnostic Radiography students' confidence in the imaging of suspected physical abuse in paediatric patients	25/01/2022
2022.0019	BSc Physiotherapy	A qualitative study exploring physiotherapy students' feelings and experiences of interacting with patients affected by cancer whilst on clinical placement in non-oncology settings	03/02/2022
2022.0029	Biomedical sciences year 3	Reconstruction and analysis of 3D models for anatomical education using photogrammetry	03/02/2022
2022.0026	Bsc Diagnostic radiography	Evaluating the alignment of a Diagnostic Radiography Curriculum with SCoR standards of paediatric imaging: Perspectives of a radiography student community	07/02/2022
2022.0030	Bsc Diagnostic radiography	Assessment of barriers and opportunities in clinical practice education in radiography for students during the covid-19 pandemic: A survey	07/02/2022
2021.0322	BSc Physiotherapy	What effect has Covid-19 had on the mental wellbeing of qualified Physiotherapists working through the pandemic? The effect of Covid-19 on Physiotherapists' mental wellbeing	14/02/2022
2022.0006	MSc Physiotherapy	An exploration of healthcare students' perceptions of the pain experienced by others and the influence of race	16/02/2022
2022.0004	BSc Clinical Pharmacology	A pilot study to investigate the metabolic response to intermittent fasting in young adults from different ethnic background PIFEM	16/02/2022
2022.0038	BSc Therapeutic Radiography	To investigate the use of VERT at one London university, in enhancing student's skills before clinical placement To explore the use of VERT in the development of students' skills in preparation for practice	16/02/2022
2022.0017	BSc Physiotherapy	Exploring the relationship between gender role bias using the Social Roles Questionnaire and pressure pain thresholds in physiotherapy student	21/02/2022

2022.0049	MSc Physiotherapy	An Exploratory Survey: Using Social Media to Investigate the Impact of the COVID – 19 Pandemic on Physiotherapy Treatment and Mental Health of People Diagnosed with Fibromyalgia The Impact of COVID-19 Pandemic on People Diagnosed with Fibromyalgia	01/03/2022
2021.0279	MSc Physiotherapy	The Virtual MMI: Does Rater Background Affect Inter-Rater Reliability During the 2021 Admissions Cycle for the BSc Physiotherapy Programme at St Georges, University of London Inter-rater Reliability Between Assessors of the Virtual MMI	03/03/2022
2022.0056	MSc Physiotherapy	An investigation into physiotherapy students' knowledge and confidence surrounding pelvic floor health (PFH) in rehabilitation The Impact of COVID-19 Pandemic on People Diagnosed with Fibromyalgia Investigating students' knowledge and confidence surrounding PFH in rehabilitation Investigating students' knowledge and confidence surrounding PFH in rehabilitation	03/03/2022
2022.0061	MSc Physiotherapy	The influence of learning style on anatomy scores in Undergraduate Physiotherapy Students Learning style influence on learning anatomy	10/03/2022
2021.0285	BSc Physiotherapy	Explore physiotherapy students' experiences of discussing sensitive topics with patients during remote placements Sensitive Topics during remote student consultations	14/03/2022
2022.0060	MSc Physiotherapy	The effect of student physiotherapy placements on self-efficacy to appropriately identify and manage 'red flags' in an MSK setting Student self-efficacy in reference to red flag identification and management	14/03/2022
2022.0063	BSc Physiotherapy	To explore Physiotherapy student experiences on remote placements using semi structured interviews	14/03/2022
2022.0047	MSc Global Health Infection and Immunity	Assessing Pandemic Preparedness; a case study of The Gambia addressing the impact of Covid-19- an integrative literature review A case study of The Gambia addressing the impact of covid-19	16/03/2022
2022.0076	Site approval	Developing and Piloting automated multiple mini interviews (AMMIs): Responding to COVID-19 challenges	16/03/2022
2022.0074	MPhil/PhD	Improving detection of associations between congenital anomalies and medicines taken in the first trimester of pregnancy, using data derived hierarchies.	24/03/2022

		Identification of teratogenic medications	
2022.0057	MSc Physiotherapy	An exploration into the attitudes and experiences of people with vestibular dysfunction towards therapist-led vestibular rehabilitation in the UK	29/03/2022
2022.0073	Staff	Exploring the experiences people with Parkinson's Disease have with online exercise groups Experiences of online exercise groups in PWP	30/03/2022
2022.0081	BSc Physiotherapy	Does previous history of asthma affect young adults' perceptions of exercise? History of asthma and perceptions of exercise	30/03/2022
2022.0080	BSc Occupational Therapy	Does social media use influence undergraduate university students' feelings of loneliness during COVID-19 pandemic? Influence of social media on the loneliness of students during COVID-19	30/03/2022
2022.0045	Staff	Pathophysiology and clinical outcomes of subclinical cryptococcal meningitis Subclinical Cryptococcal Meningitis in patients excluded from participation in the EFFECT Study (Sub-EFFECT)	04/04/2022
2022.0058	Medicine MBBS	Improving Assessment Literacy: Single Best Answer question writing for students Improving Assessment Literacy with SBA writing	11/04/2022
2022.0093	Staff	Understanding COVID-19 in pregnant women and their babies in Africa periCOVID	13/04/2022
2022.0090	Staff	Attitudes of undergraduate diagnostic radiography students towards online learning	Site approval 20/04/2022
2022.0089	MSc Physiotherapy	To Explore the Effects of Inspiratory Muscle Fatigue on Postural Stability	Proportional 20/04/2022
2021.0263	PhD student	Peer support, professionalisation and authenticity in mental health services: A discourse analytic perspective Professionalisation of peer support in mental health	Proportional 20/04/2022
2022.0092	MSc Physiotherapy	An investigation into the MSK physiotherapist's perceptions of using telehealth as a mode of treatment/communication during the Covid-19 pandemic? Will telehealth remain in physiotherapy practice?	Proportional 27/04/2022
2022.0110	Medicine MBBS	Student Attitudes Towards Research at St George's University of London Student Attitudes Towards Research	SAFE 27/04/2022

2022.0106	BSc Physiotherapy	Exploring the different factors that may have impacted physiotherapy students' well-being during the covid-19 pandemic The Covid-19 pandemic impact on physiotherapy students	SAFE 28/04/2022
2022.0105	Staff	Development of a simulation-based learning programme for healthcare professionals involved with Chimeric Antigen Receptor T-Cell Therapy (CAR T) CAR T-cell therapy Education & Learning through Simulation	SAFE 28/04/2022
2022.0059	MSc Global Health	Knowledge and Perceptions of Fibroids in a Resource Poor Country: An Exploration into Health Seeking Behaviours of Symptomatic Women with Uterine Fibroids Uterine Fibroids knowledge and perceptions and effect on seeking treatment	Full 03/05/2022
2022.0094	MSc Global Health	To evaluate the effect interventions such as the Global EMT initiative, Cluster meetings and WHO recommendations had on the response to the Nepal 2015 earthquake Reflection of the Nepal 2015 Earthquake Response	Proportional 05/05/2022
2022.0121	Staff	A qualitative study to identify barriers and facilitators to adopting healthier, high fibre diets in primary school children CRUNCH2: Identifying barriers and facilitators to increasing fibre intakes in primary school children	Full 26/05/2022
2022.0134	MSc Clinical Research	Investigating the experience of people with mouth and lip difficulties as a result of acquired facial weakness	Proportional 30/05/2022
2022.0122	Staff	A feasibility trial of Virtual Reality (VR) Hypnosis in perceived stress in healthcare students Virtual Reality Hypnosis in Healthcare Students	Full 06/06/2022
2021.0265	Staff	Understanding the knowledge, beliefs, values and barriers towards cervical and breast screening amongst community women in Sarawak: An In- depth qualitative study	Full 13/06/2022
2022.0113	Staff	Antimicrobial Resistance, Prescribing, and Consumption Data to Inform Country Antibiotic Guidance and Local Action (AMR Data to Inform Local Action) ADILA	Proportional 20/06/2022
2022.0151	Staff	A study to investigate inclusivity in anatomy education Investigating inclusivity in Anatomy Education	Proportional 23/06/2022

2022.0177	Staff	A Gamified Tool to Raise Awareness and Encourage Identifying and Reporting Verbal Abuse Among University Students and Faculty SSPG Card Game	Proportional 20/07/2022
2022.0173	Staff	Does student and/or staff gender identity influence how reproductive medical education is taught on clinical placement? Gender effects on experience	Proportional 27/07/2022
2022.0180	Staff	Evaluation of Virtual Reality Scenarios for Paediatrics Training EVRSP	SAFE 27/07/2022
		2022/2023	
2022.0192	Staff	Improving the teaching of shift handovers of patient cohorts: What do healthcare students learn about handover, from the observation of 'end of shift' cohort patient handovers?	SAFE 23/08/2022
2022.0210	Staff	A study to investigate the public's understanding of genital anatomy	SAFE 03/10/2022
2022.0215	Staff	Collaborative Learning Using Escape Designs and Pedagogies	SAFE 04/10/2022
2022.0218	Staff	A Holistic Approach To Supporting Gender Equality in STEMM Leadership: The Childcare Initiative	SAFE 11/10/2022
2022.0231	Staff	Assessing the validity and inter-rater reliability of a tool that determines the complexity of dietetic patients	SAFE 07/12/2022
2022.0240	BSc Physiotherapy	What impact does a diagnosis of cardiomyopathy have on attitude to physical activity in adults?	SAFE 04/11/2022
2022.0244	MSc Physiotherapy	A Randomised Crossover Trial: What is the short-term effect of resistance training with TheraBands versus free weights on blood pressure in the healthy population?	SAFE 10/11/2022
2022.0245	MSc Physiotherapy	This study will use an experimental design to investigate the effects of blood flow restriction training on horizontal jump performance in healthy participants	SAFE 10/11/2022
2022.0248	MSc Physiotherapy	A survey exploring the influence of clinical placement on attitudes, confidence and understanding of chronic pain in pre-registration healthcare students.	SAFE 15/11/2022
2022.0252	Staff	An evaluation of transgender education in pre and post-registration healthcare training	SAFE 16/11/2022

2022.0254	BSc Physiotherapy	What is the perceived value of emergency physiotherapy practitioners (EPPs) in A&E? A survey questionnaire of healthcare students at two London universities.	SAFE 16/11/2022
2022.0255	BSc Physiotherapy	Investigating Physiotherapy Students' Views on Smoking	SAFE 22/11/2022
2022.0257	BCs Physiotherapy	A survey of physiotherapy students' perceptions of ability and confidence to self-manage their own musculoskeletal conditions prior to qualifying.	SAFE 22/11/2022
2022.0270	Therapeutic Radiography	What are the public perceptions, attitudes, and awareness of the Human Papillomavirus (HPV) and it's role in prostate cancer?	SAFE 07/12/2022
2022.0271	BSc Biomedical Sciences	Disgust and meat eating in medical and biomedical sciences students	SAFE 13/12/2022
2022.0276	MSc Physiotherapy (Pre-reg)	Exploring the beliefs about the causes of obesity, and attitudes towards its clinical management among student and qualified physiotherapists in the UK	SAFE 16/12/2022
2022.0278	MSc Physiotherapy (Pre-reg)	To explore physiotherapist's awareness, knowledge, and perceptions of the menstrual cycle on injury risk: A cross-sectional survey design.	SAFE 19/12/2022
