

## Example projects:

The following are rough costs that you might need to do some common public engagement / PPI activities.

### A series of practical workshops

Noor wants to run a hands-on demonstration about biomedical science with a local youth group of about 20 teenagers on 3 separate occasions. She wants the attendees to do a practical demonstration where they extract DNA from strawberries. She will be staffing the event with 2 other volunteers from her lab. She applies for money to cover:

Item	Cost	Quantity	Total
Chemicals	30	3	90
Strawberries	10	3	30
Plasticware (pipettes, beakers, stirrers)	40	1	40
PPE for 60 students (2 boxes of nitrile gloves)	30	1	60
Printing and laminating for instruction cards	10	1	10
Return minicab fare	30	3	90
Lunch for 3 volunteers	20	3	60

Total application £380

### Activities for the pop-up space

James wants to run an activity for half a day at the pop-up space on campus. He wants passersby to stop and take part in an interactive task and vote in a poll that he's put up on the wall. He asks for money to cover:

Item	Cost	Quantity	Total
3D printed kidney models for workshop	30	2	60
Giveaways — sweets	15	1	15
Printed signage	20	2	40

Total Application : £115

### Collaboration with Tooting Market

Kieran wants to pay for a collaboration with artists at Tooting Market to create a community event to share stories of experiences with Tuberculous within the local community. He needs to cover for funding for the artists time, and to provide materials for the workshops.

Item	Cost	Quantity	Total
Marketing Materials	100	1	100
Artists time spent planning, preparing and recruiting for event	700	1	700
Materials for workshop	180	1	180

Total application: £980

### A PPI group to consult on a grant application

(Please note that the costs below are for illustration only. Please contact Duncan Barron for advice on convening a PPI consultation group ahead of submitting for funding: [dbarron@sgul.ac.uk](mailto:dbarron@sgul.ac.uk))

David wants to apply for funding for a research project about pancreatic cancer. He wants to consult a group of 3 patients or patient advocates with lived experience of pancreatic cancer about his application and proposed research direction before submitting it. He plans a 90-minute meeting. He applies for money to cover:

Item	Cost	Quantity	Total
<i>One Day zone 1-6 day travel for attendees</i>	<i>13.50</i>	<i>3</i>	<i>40.5</i>
<i>Honorarium for panel members for time</i>	<i>50</i>	<i>3</i>	<i>150</i>
<i>Refreshments per person for meeting</i>	<i>10</i>	<i>4</i>	<i>40</i>
<i>Printing of materials</i>	<i>10</i>	<i>1</i>	<i>10</i>

Total cost: £240.50

#### Patient Involvement training

*Moe wants to attend a course that his research charity is advertising. An external facilitator will be teaching best practices for doing patient involvement. It's a full day course that costs £90.*

Item	Cost	Quantity	Total
<i>Training registration fee</i>	<i>90</i>	<i>1</i>	<i>90</i>

Total cost: £90
