

MSc Sports Cardiology

Personal statement

please ensure you address all the points below in your personal statement.

We recommend you complete your personal statement using this word document and uploading it to your application. It is advisable to complete your personal statement prior to starting your application as the online application will automatically time out after 20 mins of inactivity. This may result in the loss anything you've written in this time.

EXPERIENCE WITH ECG INTERPRETATION

Please detail any experience with ECG Interpretation: *[Candidates with MBBS or BSc in cardiac physiology, cardiac physiotherapy or nursing will be presumed competent with basic ECG interpretation. Candidates with BSc in Sport Science and medical students will need to present proof in the form of certification from a recent course (within 1 year of the commencement day of the degree) or letter from their supervisor. Useful resources, amongst many resources available, which will provide you with a certificate of learning include: 1. ECG Assessment: an Introduction for Healthcare Providers offered by SGUL via FutureLearn for free with the option for further learning at a nominal price (<https://www.futurelearn.com/courses/ecg-assessment>), 2. How to interpret the ECG of athletes and young individuals offered as a short course at SGUL at a discounted price for students (<https://www.sgul.ac.uk>) and 3. ECG interpretation in athletes (<https://uwsportscardiology.org/e-academy>) free on-line module offered by the Australian College of Sport and Exercise Physicians.]*
